## EDUCATION

---

- **Sinhagad Academy of Engineering**

*Bachelor of Engineering in Mechanical Engineering; GPA: 7.75/10.0*

Pune, India

*Aug. 2016 – July. 2019*

## EXPERIENCE

---

- **Wipro Ltd.**

*Project Engineer*

Pune, India

*Oct 2019 - Present*

- **Client: Johnson and Johnson**

*ABAP and HANA Developer*

*Feb 2020 - Present*

- **oData Services:** Regular enhancements and patches to pre-existing oData V2 services for Access Control request creation, approval and status and mitigation control application in SAP GRC.
- **GRC Database Migration:** GRC Platform migrated from Oracle database to HANA database.
- **GRC 10.1 to GRC 12.0 Upgrade:** Participated in one complete E2E implementation, hypercare and support cycle during major version upgrade.
- **User Transfer Application:** This application transfers the ownership of all the master data objects from one user to another. Complete backend development including business logic using Object Oriented ABAP, Unit testing for business logic and oData services.
- **User to Role Report and Mitigation Control Report:** Converted slow ABAP reports that processed large volumes of data to Stored Procedures and Calculated Views in HANA, to increase report execution speed. Also, created the front-end UI using Fiori Elements.
- **Miscellaneous:**
  - \* Wrote python scripts for i18n translations
  - \* Wrote python scripts for manipulating large datasets using pandas and numpy.

## AWARDS

---

- **Best Campus to Corporate New Joinee**

*Wipro Compliance and Risk Services Business Unit*

*Oct 2020*

- : One of Top 25 performing new joinees

## TALKS AND WORKSHOPS

---

- **Workshop on LaTeX: Article, Reports and Slides**

*K. K. Wagh Institute of Engineering*

Nashik, India

*Dec 2019*

- **Talk on Container Internals: cgroups and podman**

*Kernel Meetup*

Pune, India

*Dec 2019*

- **Talk on Unix Command Line Utilities**

*Pune Linux Users Group*

Pune, India

*Jul 2019*

## PROGRAMMING SKILLS

---

- **Languages:** ABAP, Python, SQL, SQLScript, Bash Scripting, LaTeX
- **Markup Languages:** HTML and CSS, Markdown
- **Technologies:** SAP GRC, Unix (RHEL and Debian), AWS, Docker, Git
